

SOLAR ENERGY AND CLEAN WATER

The logo for Waterlift Solar features the word "WATERLIFT" in blue and orange, with a stylized water drop and a lightning bolt integrated into the letters. Below it, the word "SOLAR" is written in orange. The background of the entire flyer is a large-scale photograph of solar panels installed in a field.

WELCOME TO **Waterlift Solar** **Limited.**

About Us...

We are a leading solar energy and borehole drilling company in Kenya with over 15 years of experience of providing quality borehole drilling services and solarization across the country.

Our team works very closely with our clients to ensure that their expectations are met and exceeded.

Our vision:

To empower African communities with sustainable access to clean water and solar energy, driving growth, resilience, and a greener future.

Our Mission:

Working closely and passionately with our clients and stakeholders to ensure energy and water democracy.

Core Values:

- Respect
- Professionalism
- Integrity
- Innovation
- Customer service
- Teamwork

OUR SERVICES

- **Solar Backup Systems**
- **Hydrogeological Survey**
- **Borehole Drilling**
- **Test Pumping Service**
- **Solar and Electric Equipping of Boreholes**
- **Generator Power Backup Systems**
- **Borehole Rehabilitation**
- **Permit Acquisition:** Drilling Permit, Water Abstraction Permit, Environmental Impact Assessment (EIA) License

SOLAR BACKUP SYSTEMS

At Waterlift, solar backup systems are meticulously customised to meet specific needs for our valued clients, and to guarantee optimal efficiency.

HYDROGEOLOGICAL SURVEY

Involves investigation and evaluation of subsurface geology and groundwater resources using observations, tests and analysis.

BOREHOLE DRILLING

With modern technology, we offer optimum borehole drilling solutions customised to meet your specific design requirements.

TEST PUMPING SERVICE

Our experts at Waterlift meticulously assess the performance, water quality and aquifer characteristics of the borehole, ensuring sustainability.

GENERATOR POWER BACKUP SYSTEMS

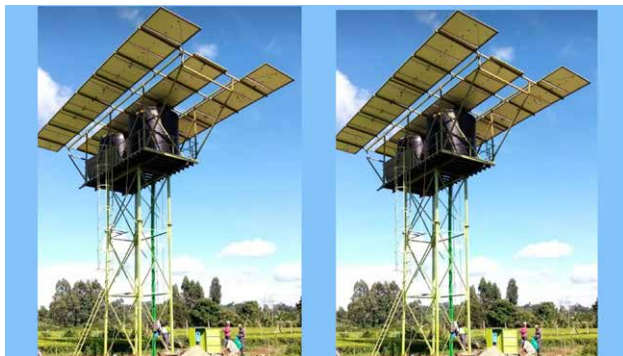

With frequent routine maintenance checks, our experts install any form of power backup system designed to meet your operational demands.

BOREHOLE REHABILITATION

Our experts service boreholes to restore them to their original condition improving performance and replenishing water.

WATER TANK INSTALLATION

Professionals at Waterlift install elevated water tanks in accordance with your specifications and requirements for quality assurance.
